“The true measure of success is how many times you can bounce back from failure.”

— [Stephen Richards](#)

Twenty years from now you will be more disappointed by the things you didn't do than by the ones you did do.

So throw off the bowlines. Sail away from the safe harbor.

Catch the trade winds in your sails.

Explore. Dream. Discover.

- Mark Twain

## From the Director

—Hello All! My name is Scott Lambrecht. I have lived in the Northeast Nebraska my entire life. I reside in Pierce with my wife, Bridget, and our four awesome children, Emily, Grant, Brayden, and Raegan. On January 6<sup>th</sup>, I walked through the Parent to Parent doors as the new Executive Director. On my first day, I had the opportunity to meet the Parent to Parent staff, and am fortunate in knowing what great assets they all are to the agency. I join Parent to Parent after 12 years of experience working in the non-profit sector where I had the privilege of getting to know some really great people, who for some of these people are coincidentally involved in the same circles as Parent to Parent. Over the next few weeks, I am planning to meet with families and other people/entities that are involved with Parent to Parent. My goal is to continue to assist in carrying the Parent to Parent mission and values; maintaining the current, successful processes and exploring other opportunities as they would arrive. I look forward to meeting each you.—

Parent to Parent Network is a private, non-profit, commu-  
nity based organization devoted to strengthening families  
in Nebraska. Organized in 1998, the program has grown  
substantially through the years, including outreach to sev-  
eral communities in Northeast Nebraska.

We hire people who are or have been primary care-givers  
for children with behavioral health, emotional, or school  
issues. Our Advocates are trained to help, but their  
strength lies in having "been there", and having found  
ways to navigate the systems affecting their child.

We charge no fees for our services. We're members of the  
Nebraska Federation of Families for Children's Mental  
Health and the National Federation with the same name.

Services are provided confidentially. You determine what  
services you want. We may make suggestions, but you  
have the final say!

Advocacy on behalf of the families we serve is an integral  
part of the services we provide. We look upon those to  
whom we advocate as being partners rather than oppo-  
nents. We prefer what we call collaborative advocacy. We  
know that our families are best served when we make and  
strengthen partnerships with other helping organizations.  
Our advocacy is done with regard for one overriding princi-  
ple: ***that the family voice be heard.***
