### April Showers Bring May Flowers

Life is full of surprises, not all of them pleasant. A lot of life, and parenthood, for that matter, depends heavily on adapting to the challenges that inevitably come our way. It is only once we adapt to the challenges that we see growth, not only in ourselves, but in others as well. This, of course, includes kids. So, don't fret when life throws rainy days your way. The rain, like life's little adversities, leads to growth; beautiful flowers that can be enjoyed by all. Never forget this. Stay calm and parent on.
